Sir,

S.No.141/3 of Tiruvail village in the eye-sketch ---- dated 16th September 1924 in the records of S.D.R.45/1334 submitted herewith forms portion of S.No.98 of Tiruvail ---- reserved for the Mangalore water-supply scheme under para 2 of G.O.No.1162 M.Mis. dated 7th July 1917. The plot in --- question S.No.141/3 measures 20 cents and has been occupied by one Pakira Poojari who has built thereon a thatched house worth about Rs.40/- and applied for the assignment of the -- plot to him on darkhast. The Tahsildar recommended the --- assignment on condition of the assignee surrendering it to Government without claiming any compensation whenever ------ required for the water scheme or any other public purpose.

The Divisional Officer refused to sanction such a conditional assignment and ordered the encroacher's eviction from the --- plot under the provisions of the Land Encroachment Act. p9(X)

2. There was an appeal to me against this order and I inspected the plot. S.No.131 to the North of the plot in question is patta land assigned in 1914 to one Gaspar ------- Rasquinha under the House-site rules. S.No.141/4A to the --- South is Hosagame patta land of one Venkoji and 141/4B ------ between it and 141/3 is occupied by a Local Fund well by the side of the Gurpur road S.No.141/5. S.No.141/1 in the West is within a stone wall enclosure and has been occupied by one Korapalu. Assessment has been collected under Shivai jama since 1920 under the Divisional Officer's orders in D.R. p10(R) 304/1329 in respect of this occupation. S.No.146/1B to the East of the road appearing in the eye-sketch dated 28th ---- p3(Y) September 1924 in D.R.42/1334 was also under occupation by one Koraga Moili and assessment on this plot also was ------ ordered under the Divisional Officer's approval to be collect- p7(Y) ed under Shivai jama until such time as the land might be required by Government when he would have to vacate it ---- without claim to any compensation. Both 146/1B and 141/1 the occupation of which has been permitted under Shivai jama form portions of S.No.98 reserved for the water-scheme.

3. As regards S.No.141/3 now in question it forms portion of the same block but in view of its situation as I observed at my inspection of the land I considered that the plot is not likely to be required for the water-supply scheme and its occupation in my opinion is unobjectionable. In --- consideration however of the fact that the Mangalore water-supply scheme is still under investigation, I recommend that sanction may be accorded for the assignment of this plot -- measuring 20 cents as well as plots 146/1B and 141/1 to the occupiers on the distinct understanding and condition that they will be liable to be resumed by Government at any time after a month's notice without compensation whenever they are required for a public purpose.
